

HoTT 2.0 OUR MULTI-SKILLS APPROACH

SAVE TIME. SAVE COST

HoTT 2.0
HANDS-ON TOOL TIME

BRAND >
ENERGY & INFRASTRUCTURE SERVICES

Brand Energy & Infrastructure Services develops access, insulation and coating plans around your specific offshore oil, gas and wind energy assets. Our solutions are based on a multidisciplinary approach to ensure that your operations continue safely, smoothly and with minimum downtime. The specially trained BRAND operatives support the world's most renowned offshore clients.

HoTT 2.0

HANDS-ON TOOL TIME

Our HoTT 2.0 concept will optimise labour costs on offshore platforms. Our operatives are multifunctional. Besides their expertise in coatings, scaffolding, QuikDeck® and insulation, they are qualified professionals in tracing, rope access and additional offshore services like flange fitting and banksman. The BRAND team can also assist in cleaning activities, heli-deck services (Helicopter Landing Officer, Helideck Assistants) and selected operatives are trained to act as operator of free fall lifeboats.

The BRAND HoTT 2.0 multi-skills approach requires less operatives for the same scope of work

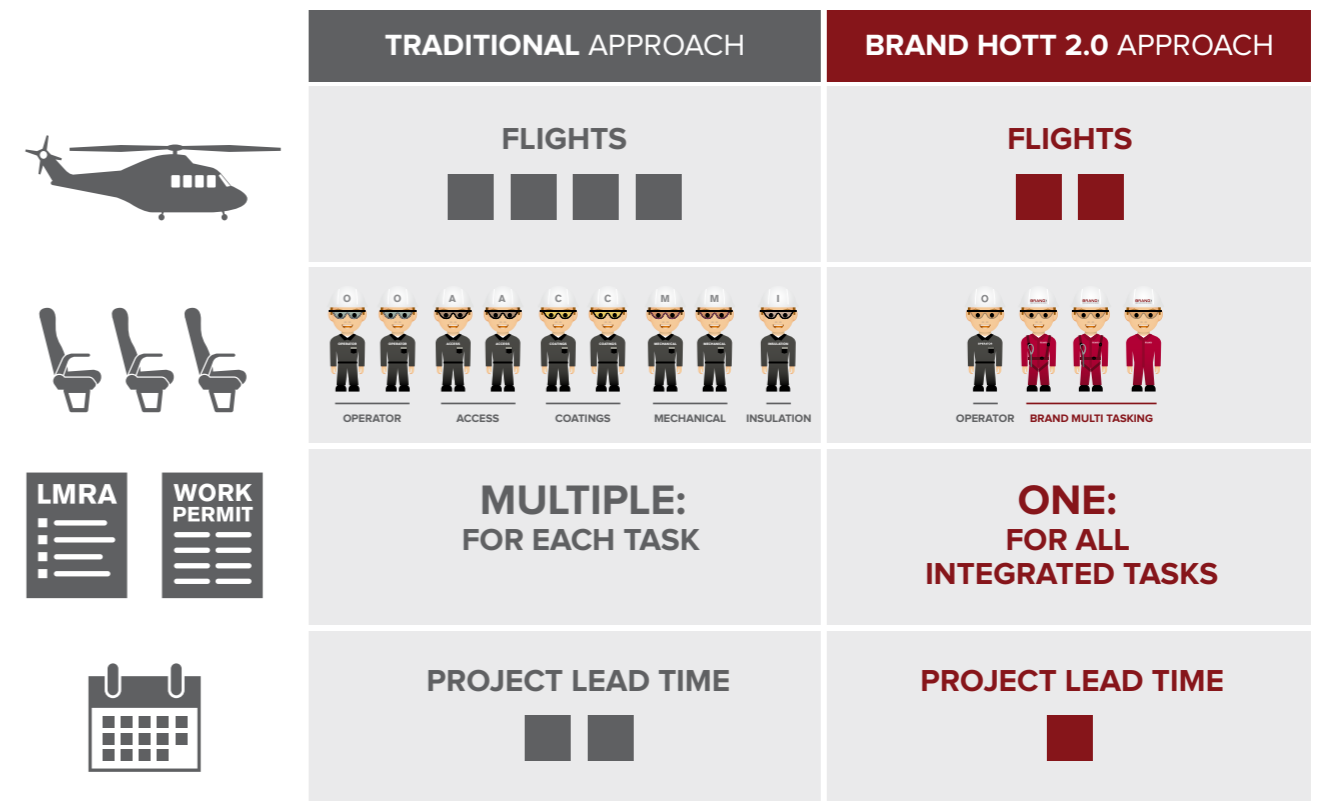

HoTT 2.0 - our multi-skills		
SCAFFOLDING	SURFACE PREPARATION	HLO
QUIKDECK®	BLASTING	HDA
ROPE ACCESS	COATING APPLICATIONS	FFLBO
NETTING	ASSET INTEGRITY MANAGEMENT	MOB
INSULATION	FIREPROOFING	CRANE OPERATOR
TRACING	MECHANICAL	BANKS MAN
3D ENGINEERING	OFFSHORE APPS	CLEANING

HoTT 2.0

Save Time. Save Cost

Compared with the traditional approach where each subcontractor is specialised in one discipline, the HoTT 2.0 concept of BRAND will save time and will save cost. The multi-skills approach of BRAND will result in a reduction of non-productive time, a reduction of mobilisation costs and in an improvement of lead times.

Delivering more value

Brand Energy & Infrastructure Services belongs to BrandSafway and is a leading global industrial service provider.

BrandSafway, was created when Brand Energy & Infrastructure Services and Safway Group merged in 2017. BrandSafway provides scaffolding and access, insulation, coatings, specialty services, and forming and shoring to the industrial, commercial and infrastructure markets. The company has nearly \$5 billion in revenue, approximately 32,000 employees and over 350 locations in 30 countries.

Collaboration is the key to our mutual success. Working together, we strive for leadership in the field of safety and by providing detailed work plans, aim to deliver the most effective and productive solution to your project requirements.
